

Setting up Application Environment

Create IBM Cloud Account

Step 1. Navigate to ibm.com/academic and register with your smartinternz mail

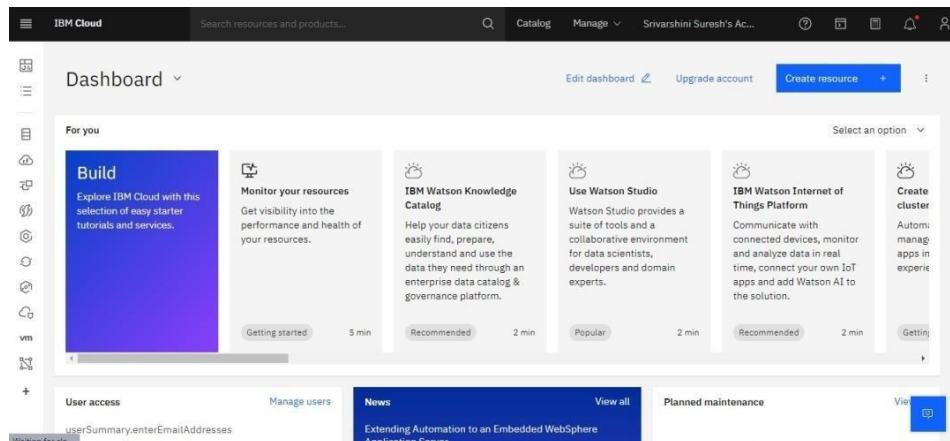

Step 2: Now goto cloud.ibm.com and login with your registered mail id along with coupon code obtained from ibm.com/academic

The image shows a sequence of three screenshots from the IBM Cloud website, illustrating the login and dashboard experience.

Top Screenshot (Login Page): The page is titled "Log in to IBM Cloud". It features a "Sign in with" section where the user selects "IBMid" and enters the email "19tuec133@skct.edu.in". A blue "Continue" button is visible. Links for "Forgot ID?" and "Remember ID" are also present. The top navigation bar includes "Catalog", "Cost estimator", and "Docs".

Middle Screenshot (Password Entry): This screenshot shows the password entry step. The email "19tuec133@skct.edu.in" is entered, and the user is prompted to enter their password. A "Log in" button is visible. A Chrome extension for password management is shown as a tooltip over the password field.

Bottom Screenshot (Dashboard): After successful login, the user is directed to the "Dashboard". The dashboard includes a sidebar with navigation icons, a top navigation bar with "IBM Cloud", a search bar, and user information ("Navaneeth S's Account"). The main content area is titled "Dashboard" and features a "For you" section with five recommended actions: "Build", "Set up your IBM Cloud account", "Get Started with Watson Studio", "Build a web app with Watson Speech to Text", and "Create an OpenShift cluster". Each action includes a brief description and a "Getting started" button with a time estimate. At the bottom, there are sections for "User access", "News", and "Planned maintenance".

Output :

Cloud account created successfully.
